PROJECTS

StoryVerse – Bedtime Story Platform [\(Live Demo\)](#)

- Engineered a full-stack platform for discovering, reading, and listening to bedtime stories, with a clean and intuitive UI.
- Built a responsive interface with categorized sections and search, improving content discoverability and user engagement.

Priority Queue Todo Manager [\(Live Demo\)](#)

- Designed and implemented a task manager backed by a priority queue data structure to optimally order tasks by urgency.
- Enabled dynamic High/Medium/Low priority tagging, automatically re-ranking the task list for efficient execution.

POSITIONS OF RESPONSIBILITY

- **Secretary** — AIT ACM Student Chapter, AIT Pune; led organization of technical events and workshops, coordinated cross-functional teams, and fostered a collaborative developer community. 2026
- **Joint Secretary** — [CIDC Club](#), AIT Pune; built official AIT website and manage all college projects. 2025

ACHIEVEMENTS

- Finalist – AlgoFusion , a hackathon conducted at Army Institute of Technology.
- 1st place – Folk Dance, Inter-college competition, Cultural Akriti Club, AIT Pune.
